

PE and Sports Grant Funding 2019/20

The Department of Education provides additional funding to all schools to help them improve their provision of PE and Sport for the benefit of primary aged pupils so that they develop healthy lifestyles.

New Penshaw Academy will receive £17,410 for PE funding. We have, and are, using this funding to provide inclusive learning opportunities and experiences within PE. We have improved the quality and breadth of PE allowing accessibility and development for all.

It is expected schools will see improvements against the following five key indicators:

1. The engagement of all pupils in regular physical activity - kick starting healthy active lifestyles.
2. The profile of PE and sport being raised across the school as a tool for whole school improvement.
3. Increased confidence, knowledge and skills of all staff in teaching PE and school sport.
4. Broader experience of a range of sports and activities offered to all pupils.
5. Increased participation in competitive sport.

Evaluation of impact/expenditure 2018/19:

- In most areas of the curriculum, there standards of teaching and subject knowledge in lessons has improved.
- We achieved high quality PE and school sports through using specialist coaches from the Foundation of Light. Though, gymnastics and dance were not covered through this.
- An apprentice worked alongside the coaches and the staff at New Penshaw Academy to gain the skills and knowledge he required to pass his Level 2 Coaching. During this time, he led, after school sports clubs and co-coached the school football team. Within school, he took learning outside of the classroom by leading sports games during break and lunch times. This included running interventions, linked to sports, for vulnerable children.
- Many children took part in competitive intra and inter sports events across the locality cluster - transport and participation for these events were funded by the PE and Sports Grant Funding. This improved their confidence and teamwork skills.
- There has been an increased participation in sports due to the greater range of sport activities provided. This includes after school clubs that were ran by teachers and our PE apprentice.
- Lunchtime supervisors received CPD training to support them in delivering active lunch times.
- We received a bronze award from the School Games Mark and a gold award from Active Sunderland.

Priorities for 2019/20:

<u>Priorities</u>
Developing play leaders in KS2 to contribute towards active break times and lunch times.
Whole school to take part in the golden mile to encourage healthier lifestyles.
Introduce and utilise a new PE scheme. CPD required for staff to teach at a higher level - including gymnastics and dance.
To become more involved in the local community for a range of events, including festivals and competitions.
Up level the knowledge and skills required for our PE apprentice to pass his Level 3 and develop sports in and around school.
Continue to develop and encourage children to take part in after school clubs linked to sports.
